

If you have NOT been added to your MS Teams group. MAKE SURE you have followed these instructions. YOU MUST do this so your email will be valid to MS Teams.

You must use your byupathway.edu address and it must be the default address in Canvas and it must be verified. You can tell if the address is verified or not by going to **Account (AKA Profile) -> Setting link in Canvas**. If there is an exclamation point with a circle icon next to or below the byupathway.edu address, then it is **NOT** verified.

You must click on your e-mail address and you will get a popup and then you must click the "**re-send verification e-mail**" link and then log into your **BYU Pathway** e-mail account and click the Verify email link from the e-mail. It may take up to 45 seconds for the e-mail to show in the inbox.
